The image shows a white album page with two rows of New Zealand postage stamps. Each row consists of a 2x5 grid of 10 stamps. Each stamp is valued at 45c and features an illustration of two dinosaurs, a T-Rex and a long-necked sauropod, in a naturalistic setting. To the left of each grid is a small text block. The top block contains the TV3 logo (a stylized '3' with a red dot) and the text: "TV3's WORLD AROUND US with John Hawkesby, screening Sundays 6:30pm, presents quality nature wildlife documentaries introducing viewers to places they may never visit, people they would otherwise not meet, and animals they may never encounter, past or present." A single 45c stamp is also placed above the first grid. The album page is mounted on a light-colored background.
